How Do You Get Rid of Giant Sumatran Rats? ...Elementary, My Dear Watson.

Everyone knows the characters of Sherlock Holmes and Dr. Watson. Some people even think these characters were real-life human beings. There are even self-proclaimed experts on Sir Arthur Conan Doyle's favorite characters deemed Sherlockians and Holmesians. In any case, fans of the deductive master-mind will be pleased to meet up with him again as author Lauren Steinhauer captures the true romance and spirit of the famous duo in the exciting mystery *Sherlock Holmes' Lost Adventure: The True Story of the Giant Rats of Sumatra*. The novel won Honorable Mention for fiction on October 2, 2004 in the DIY (Do-It-Yourself) Book Awards, which celebrates the success of independent authors and publishers and is part of the annual DIY Book Festival held in Los Angeles and New York. He has also placed as a finalist in the Page Turner awards for 2023, plus a finalist for the book cover.

Having read and re-read the original "canon" of 56 short stories and 4 novels by Sir Arthur Conan Doyle, Steinhauer has had a life-long interest in Sherlock Holmes. Inspired by an adventure slyly alluded to by Doyle in *The Sussex Vampire*, Steinhauer decided to finish what Doyle had started and complete the canon with the world's most famous non-story. "[Steinhauer has] produced a breathlessly exciting short novel that involves Holmes and Watson with an evil

genius whose accomplishments dwarf those of ex-Professor Moriarty," explains Roger Johnson with *The District Messenger: The Newsletter of the Sherlock Holmes Society of London*. ...And of course there are those giant rats — yes, rats in the plural. It's a heady mixture, and it would make a grand movie, should the makers of *The League of Extraordinary Gentlemen* be looking for another property. This is not really Conan Doyle's Holmes, but it is jolly good fun." In *Sherlock Holmes' Lost Adventure*, a youthful Sherlock Holmes recuperates from an ordeal, destined to be chronicled by Dr. Watson as *A Study in Scarlet*. Holmes' next adventure, the lost adventure, starts mundanely enough with the theft of a typewriter but for one outré fact: the death of the beautiful supplicant's manservant. More thefts and purloined documents carry Holmes and Watson across Europe on the Orient Express in search of the truth. Holmes and Watson will face arch villain Lofcadio Hearseborne III and London's greatest terror yet. Skillfully written with appropriate dialogue and imagery, *Sherlock Holmes' Lost Adventure* captures the beloved quirky characters of Baker Street and the romance of the Victorian era complete with gaslight and fog. Readers will find that getting rid of giant Sumatran rats truly is elementary—as long as you have the deductive reasoning of Sherlock Holmes on your side.

About the Author

Lauren Steinhauer is a born storyteller, entertaining boyhood friends in grammar school with interactive adventures. As a young man in Hollywood, he performed magic—a form of storytelling—at the famous Magic Castle. Steinhauer has written four instruction books including *Macromedia Director 6 for Dummies*. Steinhauer resides in San Francisco, California. Lately, he has written a novel about WWII entitled *Inside Satan's Lair*. For more information, please email him at laurenrs2002@yahoo.com.
